

No Insurance? No Problem!

In-Office Pre-Paid Plan:

What you get:

- 2- Regular Cleanings in 12 months
- 2 – Initial or Regular Exams
- 1 – Set of Bitewing (cavity detecting) x-rays
- 15% off Most Other Services (Excludes Invisalign, Sleep Apnea Appliances and Implants Procedures)

What is Costs:

- \$325 yearly for adults (ages 14 and up) – a savings of at least \$123 per year per patient.
- \$250 for children (ages 13 and younger) – a savings of at least \$118 per year per patient.

This is an excellent opportunity to maintain good oral health at a lower cost and detect concerns at an early stage, when they are likely to be less costly. A single, full payment must be made prior to the first appointment to be eligible for this program. All services must be used within 1 year of enrollment or the program is void and right to services is forfeited. Periodontal patients are not eligible until they have reached a “maintenance phase”. Any additional periodontal therapies will be at the discounted rate. “Gross debridement”, for patients who have heavy build-up, will be at the discounted rate. Failure to keep a scheduled appointment will result in a charge for the reserved time, per our financial policy. This program cannot be combined with any other offer or discount.
